WASHING INSTRUCTIONS: MACHINE WASH 160°F - Use synthetic detergents. Do not use soap, bleach or softeners which might adversely affect the flame retardant qualities of the fabric. **TUMBLE DRY 140°F** - Remove immediately. **100% POLYESTER** - Excessive heat, loading and leaving too long in extractor or dryer will detract from permanent press characteristics of all polyester fabrics. **IRONING** - if above instructions are followed, no ironing required. If necessary, light touch up with hand iron at 250°F setting, **DO NOT MANGLE.**

These color swatches above are closely calibrated to the actual fabric colors. Slight color variations may occur.
